MiniSens™

The Smart, Sleek RFID Reader for Your Business

Meet MiniSens™, the easy, elegant, cost-affordable solution for reading RFID tags on your desk, counter, or equipment.

Why Choose MiniSens?

- **Cost-Smart:** Great price and Plug-and-Play simplicity
- **Tiny but Mighty:** Small and fits anywhere
- **Simple Setup:** Single USB-C connection
- **Stylish:** Blends seamlessly into any environment
- **Easy Use:** Intuitive visual and audible indicators
- **Versatile:** Reads sensor tags
- **Tiny but Tough:** Spill and dust resistant

Where Can You Use MiniSens?

- **Retail Counters:** Inventory management
- **Manufacturing:** Track products and monitor process flow
- **Offices or Labs:** Keep equipment and valuable assets safe
- **Events:** Quick, reliable check-in

Ordering is Easy

- Available for the US and international markets.
